INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Rocky Mount Directory since 1908), presents to subscribers and the general public, this, the 1967 edition of the Rocky Mount City Directory, which also includes Englewood, Meadowbrook Park and Swelton Heights. (In all, the Hill Directory Company and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Rocky Mount's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Rocky Mount to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with approval of every user, and that the Rocky Mount Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order;--

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and address of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings--a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Rocky Mount, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commerical, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital stauts, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numberical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section

808945

are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Rocky Mount and vicinity.

The Rocky Mount Out-Of-Town City Directory Library

Through the courtesy of the publishers of the Rocky Mount City Directory a Directory Library is maintained in the offices of the Rocky Mount Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

This publication is the product of a member of...

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Aerial View of Rocky Mount Business District

Rocky Mount's Forward March

Rocky Mount was incorporated as a village in 1867 and as a city in 1907. It's growth has been phenomenal. In 1890, the town was credited with 816 people. Ten years later, in 1900, the U. S. Census gave it a population of 2,937; in 1910 8,051; in 1920, 12,742; in 1930, 21,412; 1940, 25,568; 1950, 27,697 and 1960, 32,147.

Located at the gateway point of one of the most prosperous sections of the state, and with a network of highways and railway connections to strengthen its geographical assets, it is recognized as eastern North Carolina's foremost jobbing and distributing center.

Situated in the heart of a rich argicultural district, the city is logically a marketing center for farm products. In the season of 1965 there were sold on the Rocky Mount tobacco market, 39,454,634 pounds of bright-leaf tobacco. Rocky Mount is also a large market for cotton. Rocky Mount also is proud of its curb market. Rocky Mount is the largest livestock market in Eastern North Carolina.

Tobacco Warehouse District

The industrial development is merged with the distribution of farm products. The city has ten tobacco factories and redrying plants, two fertilizer factories, several woodworking plants, cotton mill, silk mill, plush mills, women and children's undergarments, cordage factories, mattress factory, steel tank fabricating plants, two bakeries, meat processing plants, dairy processing plants, venetian blind manufacturers, plywood manufacturers and feed mills. There are at present 9,190 manufacturing workers employed in the city with a payroll of more than $25,000,000 per year. The total wage earners in the city number approximately 19,000 and receive yearly earnings in excess of $53,000,000.

Rocky Mount is situated 123 miles south of Richmond, Va., 117 miles southwest of Norfolk, Va., and 132 miles northwest of Wilmington, N. C. It is on U. S. Highway No. 301, running north and south, and on U. S. Highway No. 64 running east and west. U. S. Highway No. 301 is an important link in the route from Maine to Florida and carries more coastal traffic than any other north-south East Coast highway, and U. S. Route No. 64 is a link of an important highway running from the Atlantic to the Pacific Coast.

City Government

The Rocky Mount city government operates under a city council-manager charter, having adopted this form of government in 1962. The tax rate for governmental purposes during the past several years has been greatly reduced. Not only does the city have an unusually comfortable credit margin, but with $20,000,000 worth of municipally owned and operated utilities consisting of

water plant, light plant, gas distribution system, and sewage plant, Rocky Mount's plants are of a capacity able to care for double the present population and industry. Rocky Mount's indebtedness is being reduced annually, and an adequate sinking fund is being provided in an orderly fashion, while every necessary improvement and expansion is going on. The city operates a fully staffed planning department.

One of the Largest Bright-Leaf Tobacco Markets in the World

Municipal Airport

The Municipal Airport is located just outside the city limits on U. S. Highway 301 and along the main line of the Atlantic Coast Line Railroad, and is less than ten minutes automobile ride from the center of the city. The area of the airport is 388 acres. It has two paved runways, each 150 feet wide, with one runway 3,800 feet long and the other 4,000 feet long. The airport is constructed so that an additional runway can be paved 150 feet wide and 4,000 feet long, which will provide taking off and landing in any direction. The Municipal Airport is lighted and has a complete weather bureau, a new code beacon and a revolving beacon. It is classed as a No. 3 airport. There is an improved hangar 80 by 100 feet, and it is so constructed that additional hangars can be provided when needed. Rocky Mount is an important stop on the Norfolk-Knoxville and Washington, D. C.-Rocky Mount routes of the Piedmont Airlines, serving the city with 8 flights per day.

The City's Highlights

Rocky Mount has a temperate climate. The average temperature is 60.8 degrees. From a health standpoint, the city is ideal. Records show that there have been no epidemics. The water supply is pure; the milk supply has passed every test, and received commendation from every source of inspection. The city has all modern sanitary regulations, with health officers empowered to enforce them.

Rocky Mount owns it's public utilities. It has a modern water plant with a filtration plant rated at 11,750,000 gallons per day, complete with pumping equipment and two elevated steel tanks (capacity 2,000,000 gallons).

Rocky Mount has a $4,000,000 power plant which is located on the banks of the historic Tar River. This plant was designed and built on the unit system providing for three times the k. w. capacity that is now being used, and in 1946 it was enlarged to give it 25% greater capacity. In 1954 a $600,000 bond issue was floated to enlarge the distribution system so that any projected demand for power could be met.

Rocky Mount Municipal Airport

The modern sewage--disposal plant cost more than $1,200,000. It is built not only to take care of the regular waste, but to carry any type of industrial waste, and is one of the most modern plants of its kind in the state. It has the equivalent as the water plant.

Rocky Mount has two high schools, 3 junior highs and 10 elementary schools. There are 91 churches in the city.

Rocky Mount has gone beyond its duty in providing playgrounds and playground equipment for its children. It has provided handsomely for the child's amusement by operating municipally 18 parks and playgrounds, 2 municipal

View of the City Lake

stadiums, 22 asphalt tennis courts, 2 lighted softball fields, several neighborhood and community centers, and 2 swimming pools. All of these grounds are carefully looked after by a Park Superitendent and Staff.

Various amusement facilities such as merry-go-round, miniature train, boat riding, museum, zoo, miniature golf course, horseshoe pits and Dance Pavilion are available at the parks. The recreation program in Rocky Mount is a community operation with many of the civic clubs contributing generously toward the recreation facilities. Rocky Mount also has a class B, professional baseball team.

The beauty of Sunset Park attracts thousands of visitors yearly, and during the warm summer months, picnickers find it an ideal spot for their outings. It borders on the Tar River. Battle Park, which is privately owned, is located on a rocky mound from whence Rocky Mount derives its name. A Confederate monument to the Bethel heroes greets the visitors at the southern entrance, and the driveway winds along the banks of Tar River, across which is located the second cottom mill ever operated in the state of North Carolina.

Braswell Park is unusually well located, being nearer the central part of the city than any of the other parks or playgrounds. A wealth of playground equipment is found here. The playground is situated between Park View Hosipital and the Public Library, and is a cool spot and delight to the children and nurses during the warm summer month. The entire park facility is currently being reconstructed and will feature planned beautification, waterfall, bandstand for live concerts and improved facilities.

The only 18-hole golf course in northeastern North Carolina is located at Rocky Mount at the Bevenue Country Club. The course is well laid out, affording the golfer enough of the uncertainties of the game to make the sport interesting and fascinating. The clubhouse is a handsome structure; costing approximately $45,000. Memberships are obtainable by desirable persons, and the club is well supported by a membership that is representative of the best citizens. The Club is happy in the fact that it has no debts. A full-time golf professional has charge of the links and golf storerooms and lockers. Visitors are always welcome to the club; in addition there are now 2 public golf courses in the city. Rocky Mount is also represented in the Eastern Carolina Golf Association, some of its main officers making their homes here.

The rapid growth of the city may easily be noted by a visit to suburban Rocky Mount, where handsome homes are continually being built in developments both to the east and west of the original residental section. All recent developments have been taken into the made a part of the city and are served with all modern conveniences. Some of these developments 15 years ago were farm and wooded lands, while today they represent the zenith of modern home architecture.

Apartment houses are rapidly being built, and for the family that prefers this mode of living, these apartments are so located as to make them easily accessible to the business district and other industrial plant and enterprises.

Rocky Mount has the usual fraternal orders, namely: Masons, Knights of Pythias, Odd Fellows, Junior Order of United American Mechanics, Elks And Red Men. There are 25 civic organizations, including: Rotary Club, Kiwanis Club, Civitan Club, Lions Club, Exchange Club, Current Topics Club, Pilot Club, Altrusa Club and Business and Professional Women's Club; also Merchants' Association, Chamber of Commerce and Junior Chamber of Commerce and other organizations.

The Rocky Mount Chapter of the American Red Cross is an organization of which the people of this community are very proud.

Rocky Mount is a part of the Eastern Carolina Council of Boy Scouts of America, with an active district board headed by men who are enthusiastic Scouters. There are ten troops under the leadership of well-trained soutmasters.

Rocky Mount has a well-organized Associated Charities board, with a full-time welfare worker and an able staff of assistants. Also providing a community service is the Community Chest.

Rocky Mount has a well-organized corps of Salvation Army workers and this organization does very fine and constructive work throughout the city and community.

Excellent Facilities

Rocky Mount's steady growth has made it necessary for a definite policy of fire department extension. The rigid restrictions on buildings in the fire district, which comprises the entire business part of the city, has, it it believed, been directly responsible for the absence of large fires in recent years, and a big loss by fire, is, so far, unknown to the city.

Rocky Mount has three splendid hospitals, all on the accredited list of the American College of Surgeons and having on their staffs, surgeons of wide reputation. Specialists for practically all diseases make these hospitals their headquarters, and patients from a wide area come here for treatment. One of these hospitals has a modern training school for nurses, and its graduates are accepted by all practicing physicians and surgeons.

To prospective home-seekers and to individual citizens, Rocky Mount offeres every factor that makes for happiness and ideal home conditions.

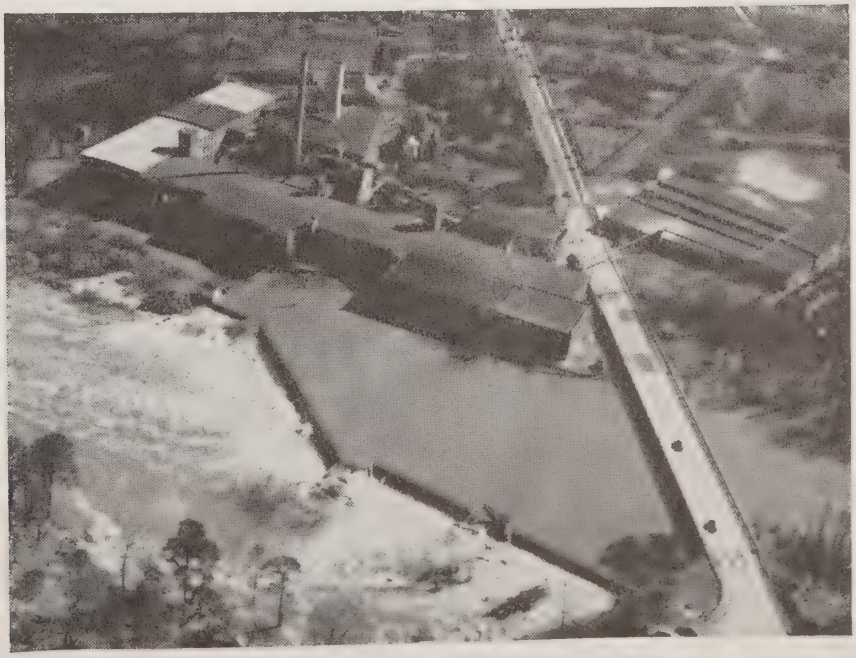

Manufacture, Industry and Trade

For manufacturers, Rocky Mount offers many inducements, among which are the source and supply of labor. The abundance of female labor in the Rocky Mount District is an inducement to new industries. There is also adequate male labor. There are no labor troubles in Rocky Mount, and with the exception of the railroad strike in 1932, strikes have been practically unknown. The small percentage of foreign-born (less than 1%) insures English-speaking labor for all classes.

Rocky Mount has one national bank and trust company, and two state banks and trust companies, four savings and loan associations and one fire insurance company.

Rocky Mount, according to the 1965 report of "Sales Management", has 527 retail stores, with annual sales amounting to $74,284,000.

Rocky Mount is the shopping center of a wide area, embracing a radius of 50 to 70 miles. In addition to the retail stores, there are numerous wholesale

Rocky Mount Mills

houses handling groceries, fruits and produce, hardware and notions. The city enjoys the reputation of being the jobbing center of a large territory. Situated in the hub of a fast-developing section, Rocky Mount has the natural advantages that attract people in all kinds of business. It is truly the marketing and shopping center of eastern North Carolina.

The city boasts one of the best daily newspapers in the state, The Evening Telegram and the Sunday Telegram. This paper enjoys a large circulation and is a member of the Associated Press. Rocky Mount has declared by "Sales Management Magazine" in 1962 as a metropolitan area and North Carolina's 8th market and current total income of $155,991,000, sales at $125,570,000, and population of 117,800.

Radio Stations

There are three radio stations in Rocky Mount. WCEC is a 1,000 watt AM nondirectional radio station operating during the daylight hours; WFMA is its affiliate 33,000 watt station operating unlimited time covering Eastern Carolina from the Piedmont area to the coast. It is affiliated with the Columbia Broadcasting system and is a locally owned station. WEED is a full-time 1,000 watt AM And FM station affiliated with the American Broadcasting System. This station serves the Coastal Plain area and is locally owned and operated; it is represented nationally by Burn-Smith Company. WRMT is a 250 watt full-time AM station. It is an independent station with no network ties-using strictly a good music format for programming.

The Chamber of Commerce

The Rocky Mount Chamber of Commerce was organized in 1904. Its membership is made up of the business and professional men and women of Rocky Mount and the farmers and growers of this section, who are not only interested in the work, but enter actively into the problems and tasks confronting the Chamber. It is divided into department-industrial, agricultural, educational, civic, commercial and publicity, and all departments function and are headed by committees of able men and women.

The influence of this body has been largely responsible for the many developments of the city, and in every progressive movement, the Chamber of Commerce used its agencies for the best interests of the community.

The policy of the Chamber is in the hands of a board of directors, who employ a full-time executive vice-president, office manager and a bookkeeper, and maintain offices at 115 N. Church Street.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

STREET and AVENUE GUIDE
INCLUDING
TELEPHONE NUMBERS and HOME OWNER SYMBOLS
1967

Including Englewood, Meadowbrook Park and Swelton Heights

Copyright, 1967, by Hill Directory Company

IN THE FOLLOWING LIST THE NUMBERED STREETS ARE ARRANGED IN NUMERICAL ORDER FOLLOWED BY THE NAMED STREETS IN ALPHABETICAL ORDER, THE INTERSECTING STREETS BEING SHOWN. THE NUMBER OF EACH BUILDING ON THE STREET IS GIVEN IN NUMERICAL ORDER, AND OPPOSITE THE NUMBER IS PLACED THE NAME OF THE OCCUPANTS OR HOUSEOWNER OR TENANT. IN THE BUSINESS BLOCKS CONTAINING OFFICES THE OCCUPANTS ARE SHOWN BY ROOM NUMBERS WHERE PRACTICABLE, IN APARTMENT HOMES THE NUMBER DENOTES THE NUMBER OF THE APARTMENT. IN ALL STREETS BOTH SIDES OF THE STREET ARE INCLUDED IN ONE LIST. THE PROFESSION OR BUSINESS OF INDIVIDUALS OR FIRMS IS GIVEN ONLY AT THEIR RESPECTIVE PLACE OF BUSINESS; TO FIND OCCUPATION OF OTHERS REFER TO ALPHABETICAL LIST OF NAMES.

THE SYMBOL ● FOLLOWING A HOUSEHOLDER'S NAME INDICATES THAT WE HAVE RECEIVED INFORMATION DURING THE CANVASS THAT THE HOUSE IS OWNED BY SOME MEMBER OF THE FAMILY, BUT AS THE PUBLISHER CANNOT AND DOES NOT GUARANTEE THE CORRECTNESS OF THE INFORMATION FURNISHED, NOR THE COMPLETE ABSENCE OF MISTAKES NO RESPONSIBILITY FOR ERRORS CAN BE OR IS ASSUMED, NOR CAN THE PUBLISHER FURNISH FURTHER INFORMATION THAN THAT SHOWN.

TELEPHONE NUMBERS, AS SUPPLIED TO US ON OUR CANVASS ARE SHOWN OPPOSITE NAMES.

ZIP CODE NUMBERS ARE SHOWN IMMEDIATELY FOLLOWING EACH STREET DESCRIPTION. IF A STREET RUNS THROUGH MORE THAN ONE ZONE, THE NEW ZIP CODE NUMBER IS SHOWN IMMEDIATELY PRECEDING THE LOWEST STREET NUMBER IN THE NEW ZONE.

THE NUMERALS THAT APPEAR AT RIGHT EDGE OF COLUMNS, AHEAD OF STREET DESCRIPTIONS AND SOME STREET INTERSECTIONS, ARE MERELY FOR THE GUIDANCE OF THE PUBLISHERS, AND HAVE NO OTHER SIGNIFICANCE.

THIS SECTION INCLUDES SOME LISTINGS READING "NO RETURN." IN EACH CASE THE PUBLISHERS TRIED DILIGENTLY, BY VARIOUS MEANS, TO OBTAIN THE INFORMATION FOR THE OCCUPANTS BUT WERE UNSUCCESSFUL. FIRST, TWO PERSONAL CALLS WERE MADE BY AN ENUMERATOR; NEXT, A DOUBLE POSTAL CARD WAS MAILED AND THE TELEPHONE USED WHEN POSSIBLE.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* —listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

"Vital Information at Your Fingertips"--The City Directory

"A Real Necessity in Every Office"--The City Directory

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.
